NOTES AND PRECIS.

(1)

D.No. 4025 S.N. (1) cor.p. 1

Please see Arts. 1, 2, 7(d) and 94 of the Code of Regulations for European Schools in the C & M Station, Bangalore.

Articles 1 and 2 read with Art. 94 of the Code make it clear that the Scholarships in European Schools are apparently intended for European Children. The current practice in the Station and in the Madras Presidency supports this statement. However, as Art. 7(d) permits the admission of non-European pupils into European Schools upto a limit of 25% of the total strength, it seems reasonable that the scholarship should be given to a student who possesses out-standing merit; but is in needy circumstances, irrespective of the fact whether he is a European or not. If Art. 94 is interpreted in this sense it would lead to a healthy competition among the students and give them considerable impetus for work.

In this connection it may be mentioned that there have been cases where under the orders of the Resident the European scholarships were transferred for the purpose of granting them in Indian Schools, subject to the following conditions :-

(1) when there were insufficient number of applications from European candidates and the transfer of the scholarships to Indian Schools did not involve any extra expenditure over the allotment under the head "Scholarships" and

(2) that the grant of the scholarship in one year would not be made a ground for a renewal of it in the next year at the expense of European Scholars

When there has been no audit objection to the transfer

transfer of the scholarship from the European to the Indian Schools there would be none in awarding the scholarship in the same school to a non-European student who is the most promising, but in needy circumstances.

Submitted for orders.

(From page 1)

3.5.37

T.H.T.
4-5-37.

(5) Under the Code the scholarship should clearly be reserved for European children. If there are not enough applications, then the grant should be partially surrendered.

(6) Is there any objection to Indian boys attending European schools being given scholarship under the Code applicable to Indian schools? This seems to be the best solution.

No precedent is traceable

U.O.D.No.4025, dated the 17th May 1937.

U.O. Note from the Inspector of Schools.

(8) Regarding para 3 of the notes, the transfer was not of European scholarships to Indian schools, but part of the provision ~~from one head to the other~~ made for European scholarships. I am afraid it is not feasible to give scholarships sanctioned under the Indian Code to Indian boys reading in European schools. The scholarships in Indian schools are regulated by Rule 55 of the Indian Code and are tenable in Forms I to III at Rs.3 per mensem and in Forms IV to VI at Rs.6 per mensem. Those in European schools are tenable in Stds. V to VII at Rs.8 per mensem and in Stds. VIII & IX at Rs.12 per mensem. It will be seen that the nomenclature of classes and the rates of scholarships are different. To give a scholarship of Rs.3 per mensem to an Indian boy in Std.V while a European boy gets Rs.8 per mensem in the same class, is making an invidious ~~distribution~~ distinction between boys who are expected to pay the same fees, etc., and have reached the same standard of education.

Under rule 7(d) of the European Code Indian pupil

(9) pupils may be admitted in European schools up to 25% of the total number of scholars. No difference is made between European and Indian pupils in calculating grants under rule 37 of the European Code. From this it is evident that no difference is made between the two classes of pupils for all practical purposes. I do not therefore see why a difference should be made only in the matter of awarding scholarships. To prevent any undue competition between the two classes the proportion of 25 % may be made applicable in this case also.

page 10 of the Code

(10) At the same time I fear that even this concessio would be viewed as revolutionary by most provinces, and I fee that the question is one for reference to the Inter-Provincia Board for Anglo-Indian and European Education for opinion.

Please see from para 5 of these notes.

11 — Now the Inspector of Schools is of opinion for the reasons given in his U/O note dated the 16th June 1937, that Non-European pupils studying in European Schools may be given scholarships upto a proportion of 25 % . As the Code has been framed by the Hon'ble the Resident he is competent to pass orders on this question. It is for this reason that his ruling was asked for in the first sentence of the P.U.C; and the question of referring the matter to the Inter-Provincial Board for Anglo-Indian and European Education does not seem to arise.

12 — Submitted for orders whether the existing practice may continue or whether the Secretary, Inter-Provincial Board for Anglo-Indian and European Education may be consulted as suggested by the Inspector.

Secy. 6 r.

T.N.T. 29-6-37

13 — Scholarships are for the poor. The expenditure on European schools is higher than that on Indian schools, & the rate of scholarship are higher. The only justification for this is that the manner of life customary to the European needs a greater financial outlay. It costs more therefore to give the very poor European boy his education than the very poor Indian boy, & Govt. recognizes this fact. Indian boys go to the European school when their parents can afford & enable them to live on a scale of expenditure equal to that necessitated by European food, clothes etc. The poor Indian parent has the

Indian school & Indian rate of scholarship for the boy. Whatever arguments there may be for Government reducing the expenditure on schools & scholarships for the European boy to the Indian rate, there can be no argument to justify the grant of a scholarship at the European rate to a poor Indian boy

14 The proposal may be rejected.

A Rumbold

Resident.

15. I think that the view expressed in para 5 of note is correct in view of the terms of Article 1 of the Code for European schools.

16 What is the object of the provision in that Code making it compulsory on European schools to admit a certain percentage of Indian Boys, such percentage to be fixed by the Resident (Arts. 6(c) and 7(d))?

17 It seems to me that para 6 of these notes points to a reasonable solution of the question now raised. The grants under the Code for Indian Schools are given to aid the education of Indian boys. When under para 4 of the General Regulations relating to scholarships (page 15 of the Code for Indian Schools) scholarships can be granted to Indian boys studying in Schools or Colleges outside the Constitution & the Hindu Province, I can see no insuperable difficulty or objection to scholarships under the Code being given to Indian boys studying in European Schools in the Colonies. This presumably would necessitate some amendment in the Indian Code for Indian schools. As the amounts would be regulated by two different codes an invidious distinction might not arise. In any case it would be

doing something to help cases such as that under consideration.

Please see from para 11 of these notes.

The file may if approved be sent U/O to the Inspector of Schools for favour of his views with reference to paras 15 to 17 of the Resident's note..

To The Inspector of Schools, South & Bangalore.

D.O.D.No. 6073, dated the 12th July 1937.

U.O. Note by the Inspector of Schools.

There are two points for consideration:

(1) Whether Indian pupils attending European Schools are eligible for European scholarships.

(2) Whether such pupils are eligible for scholarships reserved for Indian pupils under the Grant-in-Aid Code.

From the notes I gather that it has been decided that Indian pupils attending European schools are not eligible for European scholarships for the reasons given in paragraph 13. These reasons underlie the whole idea of a separate Code for European Schools.

I discussed (1) with Mr. H.F. Saunders, Inspector of European Schools, on 16-7-1937, and he pointed on, as paragraph 13 does, that only well-to-do Indian parents

parents send their children to European schools, for whom scholarships are therefore unnecessary. As regards Article 7(d), he pointed out that it was left to the discretion of the Principal whether or not to admit Indian pupils into his school, and in any case a limit was fixed to the number of pupils that might be admitted. He drew attention to the certificate of nationality that has to be provided in the case of pupils applying for scholarships awarded under the Code of Regulations for European Schools. (I attach copies of two notifications).

In regard to (1), I recommend that current practice be upheld.

In regard to (2), I see nothing to prevent the awarding of Indian Scholarships to Indian pupils who are attending European schools or to diverting unexpended amounts under European scholarships to Indian scholarships. The only change that would be necessary is the insertion of an additional rule in the Grant-in-Aid Code, numbered 55 A, which may be worded as follows:-

" In special circumstances 2 additional scholarships may be awarded to Indian pupils in European schools, provided that the sanctioning authority is satisfied that the pecuniary circumstances of the pupils are such that they cannot continue their studies without assistance, and that the reason for their admission into a European school is the want of a suitable Indian School in the locality. The value of the scholarships will be Rs.3 per mensem in Standards IV to VI and Rs.6 per mensem in Standards VII to IX"

25 The B.A. Degree course is for 2 years and the course leading to Honours is for 3 years. By the insertion of Note 1 to rule 55 of the Grant-in-aid Code for Indian Schools in the C & M Station of Bangalore, provision has been made in the Code for the grant of scholarship for a three years course. But there is no such provision in the Code of Regulations for European Schools. The Inspector of Schools proposes therefore that a similar provision may be made in the European Code. The proposal may be sanctioned.

Sir, 4025

663/36

I have the honour to request the favour of a ruling on the following point:

page 1 of the Code

Article 1 of the Code of Regulations for European Schools mentions specifically that a sum of money is annually granted for European education, and in the succeeding article the term 'European' is defined.

page 37 of the Code

But Article 7 (d) permits the admission of non-European pupils into European schools up to a limit of 25 per cent of the total strength, and Article 94 (relating to the award of scholarships) refers to 'poor but promising pupils', without stating whether or not the pupils should be 'Europeans' within the meaning of Article 2. The same phrase occurs in the corresponding article (82) of the Code of Regulations for European Schools issued by the Madras Government, yet in Madras 'non-European children attending European schools are ineligible for scholarships awarded under the Code of Regulations for European Schools', as the Inspector of European Schools states in his letter L. Dis. No. 1330/37, dated 10th April 1937.

page 217 the Code

Two Indian parents have, however, addressed this office for scholarships on behalf of their children, and they are children who have made satisfactory progress in their studies.

There seems therefore need for a ruling under Article 94 as to whether or not non-European children are eligible for scholarships under the Code of Regulations for European Schools.

Articles 1 & 2 of the Code coupled with current practice both in the Civil and Military Station, Bangalore, and the Madras Presidency would make it clear that they are ineligible for these scholarships.

I have the honour to be

Sir,

Your most obedient servant,

H. S. Thompson

SCHOLARSHIPS—EUROPEAN—COLLEGIATE—1937—APPLICATION FOR.

11

These scholarships are open to European pupils (as defined in article 2 of the Code of Regulations for European Schools) who passed the High School Examination, 1936, and are continuing their studies either in Arts College of a Madras University or are pursuing a recognized course of study in any institution approved for this purpose by the Director of Public Instruction. Only such candidates are, however, eligible as would not be able to proceed satisfactorily with their education without the aid of a scholarship. Only candidates whose residence is in the Madras Presidency are eligible for these scholarships and ordinarily scholarships are tenable only at institutions situated in the Presidency.

2. Seven Collegiate scholarships (4 for boys and 3 for girls) are available for award in 1937–38 to students reading in the first-year University classes or in the first-year class of the recognized course of study, which the pupil is pursuing in any professional or other recognized institution. The scholarships are renewable on application in the prescribed form through the Principal in 1938–39 in the next higher class and in succeeding years in the case of those pursuing their studies in institutions other than Arts Colleges, if necessary, provided the conduct and progress of the scholars are satisfactory.

3. Correspondents of European schools are requested kindly to instruct applicants to submit their applications for these scholarships in the form appended (manuscript forms may be used), to the undersigned so as to reach him by 31st July 1937. The applications should be submitted through the Principals of the colleges concerned after the applicants have actually joined the college and applications received after the prescribed date will not be considered. The age of the applicants for these scholarships should not have exceeded nineteen years on 31st December 1936.

4. These scholarships will be awarded on a combination of merit and need. Applicants must therefore clearly set forth their pecuniary position which must be attested by the Principals of the institutions in which they are reading.

5. The rate of scholarships is not less than Rs. 15 and not more than Rs. 20 per mensem for two or more years.

6. All candidates intending to apply for Collegiate scholarships should submit by 31st March preliminary applications in the form prescribed, but without the Principal's signature. The certificate should, however, be signed by the Headmaster of the school from which the applicant passed the High School Examination. About the end of April they will be informed whether scholarships will be awarded to them in the event of their joining in July a college or other institution mentioned in paragraph 2. If the answer from this office is in the affirmative, the award will be confirmed on receipt of the final applications to be submitted through the Principal after they have actually joined college. Final applications can only be accepted from those who submitted preliminary applications as detailed above.

7. Government have ordered that scholarships under the Code of Regulations for European Schools should be paid only for nine months in the year. They will therefore be sanctioned only from 1st July to 31st March each year.

SCHOLARSHIPS—EUROPEAN—MIDDLE—1937—APPLICATION FOR.

Middle Scholarships are awarded to poor but promising European pupils reading in Standard V in recognized schools.

2. They are awarded on the result of the schools' promotion examinations from Standard IV, together with a consideration of the need of the applicants for assistance to proceed with their education.

3. They are tenable for three years and will be renewed in Standards VI and VII in the next year and the next year but one respectively, provided the pupil is promoted and his progress and conduct are satisfactory. Applications for renewal in the prescribed form should be submitted at the beginning of the respective years.

4. The value of the scholarship is not less than Rs. 6 and not more than Rs. 8 per mensem.

5. Twenty scholarships (12 for boys and 8 for girls) are available for award in 1937, renewable in 1938 and 1939.

6. Applications in the appended form (manuscript forms may be used) will be received from or through correspondents by the undersigned up to 15th March 1937. Applications received after that date will not be considered.

7. Applicants must not have exceeded 14 years of age on 31st December 1936.

8. In G.O. No. 402, Law (Education), dated 15th March 1932, Government have ordered that scholarships in European schools should be paid only for nine months in the year. No scholarships will therefore be paid for the months of January, February and March. They will be sanctioned from 1st April to 31st December each year.

" Note 1. If a scholarship holder under (i) takes the Honours course, he may be granted a scholarship of the same value for the third year of his course provided that his progress is satisfactory".

2. Since the holder of collegiate scholarships, granted under rules 94 and 95 of the Code of Regulations for European Schools in Bangalore, usually join the colleges under the University of Madras, and in some cases, take the Honours course, I request that you will be good enough to obtain the Hon'ble the Resident's sanction for the inclusion of a similar Note under "Final Grade scholarships" in rule 95 of the Code of Regulations for European Schools.
